INDUSTRIAL VISIT REPORT

2019-2020

The Department has organized Industrial Visit to Jaipur from 4th to 8th January, 2020. Total 37 students from computer science department participated for industrial visit. The students visited the company named TRACKING GENIE. The students were introduced to GPS based Vehicle Tracking Device which is one of the integral part and it helps to keep a constant eye on the moving asset. Vehicle theft is prime concern for every Vehicle owner. The solution by the company can prevent this risk for the vehicle. Vehicle Tracking Device fulfils this requirement. Being a real time GPS Tracker, these devices tracks every single move of the vehicle which one can observe from any corner of globe. The students were also introduced to Software's like SQL, JAVA, PYTHON and were shown with real-time functioning of hardware devices like IMEI tool, Sim Card, GPS Tracking, Live Satellite Monitoring and got complete guidance on developing real time project life cycle, which is a part of their Curriculum. The Models used for the development of the device is Waterfall Model. The industrial visit also provided an insight on how the company works and useful information related to the practical aspects. The students practically gained knowledge through interaction, looking at the working methods and employment practices.

Report of Educational visit to Govardhan Cheese Factory (Manchar, Pune)

A.Y. 2019-20

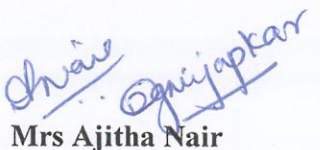

S.Y.B.Sc. students were taken to Govardhan Cheese Factory and Bhagyashree Dairy Farm, Manchar, Pune on 20th December 2019.

Fifty students visited the factory and farm and were accompanied by 3 teaching staff members.

Ms. Reshma, the representative of Gowardhan Cheese Factory warmly welcomed all and gave a brief introduction of Gowardhan Cheese Factory and their processing units by showing video clips to students along with explanation.

Students visited the 'Bhagalaxmi Farm' from where milk is provided for production of cheese. The cows were provided sufficient space and taken care of efficiently. Processes related to milking and related quality control tests were demonstrated.

Students were then taken to the different cheese processing units where production, ripening, packaging and storage units were shown.

Report on Industrial Visit 2019 - 2020

The students of the Information Technology department visited Jodhpur and Jaisalmer for their industrial visit from 9th to 14th December, 2019. A total of 62 students from the second year and third year and 04 staff members (four female and one male) enthusiastically participated in the palmy visit.

Shree Ram Colloids Private Ltd., Jodhpur is a Private company established on 20th June, 2005. They rendered their factory demonstrating their process, product and their machinery. The Company mechanically de-husk, hydrates, mill and screen Gaur Seeds. The production of guar gum normally uses roasting, differential attrition, sieving and polishing. More than 40 tons of colloid is produced every day which is used in various industries like petroleum, paper and pharmaceutical industries. Along with the Shree Ram Colloids Private Limited, various Tourism and hospitality industries were also sojourned.

Various local sightseeing attractions such as Sam sand dunes, Cultural Folk performances, Kuldhara Ghost Village, Jaisalmer Fort, Mehrangarh Fort, Ummaid Bhavan and Mandoer Garden were visited. Fun activities such as Camel Safari, Traditional Dance and local shopping also contributed to weave the marvellous memories of the industrial visit.

Report of Educational visit to CETP (Navi Mumbai) A.Y. 2019-20

S.Y.B.Sc. (CMB) students were taken to Common effluent treatment plant (CETP),
Koparkhairane on 17th August 2019.

Fifty one students visited the effluent plant and were accompanied by 2 teaching staff members.
CETP is a sewage water treatment plant. The systematic and efficient working of this plant is
appreciated by MIDC, MPCB, & Ministry of environmental and forest

Ms. Priyanka who was the representative welcomed all students and gave a brief introduction
about aims, working, application and achievements of CETP.

All the three stages of processing i.e. Primary, secondary and tertiary treatment was explained
in details

This visit was found to be very useful for students as they could learn the practical use of what
they studied theoretically.

**Report of Educational visit to Govardhan Cheese Factory (Manchar, Pune)
Academic Year 2018-19**

S.Y.B.Sc. students were taken to Govardhan Cheese Factory and Bhagyashree Dairy Farm, Manchar, Pune on 24th January 2019.

Fifty students visited the factory and farm and were accompanied by 3 teaching staff members.

Ms. Reshma, the representative of Gowardhan Cheese Factory warmly welcomed all and gave a brief introduction of Gowardhan Cheese Factory and their processing units by showing video clips to students along with explanation.

Students visited the 'Bhagyalaxmi Farm' from where milk is provided for production of cheese. The cows were provided sufficient space and taken care of efficiently. Processes related to milking and related quality control tests were demonstrated.

Students were then taken to the different cheese processing units where production, ripening, packaging and storage units were shown.

**REPORT OF THE VISIT TO TATA INSTITUTE OF FUNDAMENTAL
RESEARCH (2018-19)**

Tata institute of Fundamental Research (TIFR) conduct a popular lectures by eminent Scientist for the public every year. This year too there was a lecture by Prof.Subir Sarkar from University of Oxford, UK on 7th January, 2019. The topic was “**Connecting inner and outer space**”. The event was communicated to us by Dr.Pranaba Naik, TIFR. Transportation was arranged by the staff of TIFR to take the attendees to the Homi Bhabha auditorium at TIFR, Colaba.

The lecture was very interesting. The speaker traced the sub atomic world (a distance of 10^{-13} cm) to the large scale universe (a distance in light years) and made it simple that a layman could understand. He also spoke about various experiments conducted across the globe to understand the universe, including the onen in Antarctica. Around 24 Students attended the lecture. Dr.Anuradha Natarjan accompanied the students.

Report of Educational visit to CETP (Navi Mumbai) A.Y. 2018-19

S.Y.B.Sc. (CMB) students were taken to Common effluent treatment plant (CETP),
Koparkhairane on 11th December 2018.

Forty eight students visited the effluent plant and were accompanied by 2 teaching staff
members.

CETP is a sewage water treatment plant. The systematic and efficient working of this plant is
appreciated by MIDC, MPCB, & Ministry of environmental and forest

Ms. Priyanka who was the representative welcomed all students and gave a brief introduction
about aims, working, application and achievements of CETP.

All the three stages of processing i.e. Primary, secondary and tertiary treatment was explained
in details

This visit was found to be very useful for students as they could learn the practical use of what
they studied theoretically.

REPORT ON VISIT TO COMMUNITY RADIO AT UNIVERSITY OF MUMBAI, KALINA CAMPUS (2018-19)

Venue: Kalina Campus, University of Mumbai, Santacruz East Mumbai.

Date of workshop: 13th August 2018

Time: 12:00pm to 2:00pm

Participants: Students

A visit was made to "Community Radio" organised by the S.I.W.S College of Commerce and Economics on 13th August, 2018 at University of Mumbai, Kalina Campus. The motive behind the visit was to gain more information and technical nuances about Sound Engineering, audio editing, news reading, recording, Voiceover (VO) and so on.

Mr. Kiran Sawant (coordinator) explained the students what is Radio Frequency, How to get permission from the Government to start a Community Radio, How to Conduct a Show on Radio and take an interview, soft skills which are useful during Live Show etc.

The trip was a success and was appreciated by the students as it was helpful for them to prepare for the future. The program was intended for the Third Year Mass Media students of the Un-aided courses. The TYBMM (Journalism) students along with a faculty member went for this educational trip. The participants were significantly benefited by this trip as they had a hands-on

Report of Educational visit to Govardhan Cheese Factory (Manchar, Pune)

A.Y. 2017-18

S.Y.B.Sc. students were taken to Govardhan Cheese Factory and Bhagyashree Dairy Farm, Manchar, Pune on 15th March 2018.

Thirty five students visited the factory and farm and were accompanied by 3 teaching staff members.

Ms. Reshma, the representative of Gowardhan Cheese Factory warmly welcomed all and gave a brief introduction of Gowardhan Cheese Factory and their processing units by showing video clips to students along with explanation.

Students visited the 'Bhagyalaxmi Farm' from where milk is provided for production of cheese. The cows were provided sufficient space and taken care of efficiently. Processes related to milking and related quality control tests were demonstrated.

Students were then taken to the different cheese processing units where production, ripening, packaging and storage units were shown.

INDUSTRIAL VISIT

Report - 2017-2018

Industrial Visit was organized to Sudarsanam Spinning Mills, Silvassa on 27th and 28th February, 2018. Total 40 Students from computer science department participated for Industrial visit. Students were demonstrated with the functionality of the "Embedded Systems" used in the Cotton industry and other operations. In industrial automation applications, machine control and machine monitoring are the two primary use cases when considering an embedded system which was elaborated to the students. They were also explained how embedded systems are used in varied areas of day to day activities.

27th January, 2018

Department of Chemistry

REPORT ON INDUSTRIAL VISIT TO SILVASSA (2017-18)

Chemistry department organized an industrial visit to Silvassa for the T.Y.B.Sc.students.

The details are as under:

Date: 19th & 20th January 2018

Number of students: 24 (14 girls & 10 boys)

Teaching staff: 2

- Dr. Sunita D. Shirvalkar
- Dr. Satish M. Bhalekar

Non-teaching staff:

- Mr. Nivrutti Patil

Objectives:

- To provide students practical perspective on the industrial world
- To provide students a good opportunity to gain full awareness about industrial practices.
- To provide students functional opportunity in different sectors which also helps to combine theoretical knowledge with industrial knowledge.

DAY-1

The students and staff members assembled near the college gate number - 3 at 6:00 am sharp.

The bus departed at 6:30 am to Khanvel Resort near Silvassa. After having lunch at the resort, the students and staff members went to **IPCA** Laboratories at 2:00 pm.

At IPCA, after inspecting our Identity cards, the entire team was asked to handover their mobile phones and cameras if any. They were taken to the change room and given the sterile lab coats, head caps, mask and foot socks before entering the manufacturing area. The

Quality Assurance Manager, Mr Jitendra Choudhary took us around the premises and gave us all the necessary information. IPCA laboratories at Silvassa manufacture paracetamol, anti-hypertensive drugs(Simlo-20), antiallergic drugs(Cetirizine), antidiabetic drugs (Metformin 250 mg). Mr Choudhary showed us the store room where the raw materials were stored in huge plastic drums. He explained the students the importance of labelling , maintaining batch records, packing etc. Students got the required information about the granulators, drying, blenders, sifting process etc.

The students were very impressed by the entire pharmaceutical company and could correlate to what is taught during the lectures as per the Mumbai University Syllabus. '*Seeing is believing*'

The visit was followed by sight seeing. Students were taken to the magnificent 'Swami Narayan Temple' on the way to the resort. The beauty of the art enthralled the students. At 6:30 pm after reaching the resort students had tea and light snacks and dispersed to their respective rooms in groups of 4. It was followed by DJ night.

DAY-2

Next morning after breakfast, the students were taken to **Universal Cosmetics**. The manager took the students to the manufacturing unit where the processes of filling, packaging and quality control unit. Universal cosmetics manufacture

Report of Industrial Visit to Alok Industry, Silvassa

Academic Year 2017-18

Title: Industrial Visit to Alok Industry, Silvassa

Date of event: 6th and 7th October 2017

No of students: 116 students

Objectives:

- To provide students practical perspective on the industrial world
- To provide students a good opportunity to gain full awareness about industrial practices.
- To provide students functional opportunity in different sectors which also helps to combine theoretical knowledge with industrial knowledge.

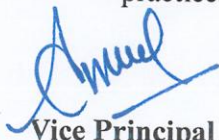

Brief Report:

The departments of B.M.S, B.A.F, B.B.I and B.M.M. went for two-day industrial visit on 6th and 7th October 2017 to Alok Industries, Silvassa.

Alok Industries is an Indian ISO 9001:2000 certified textile manufacturing company based in Silvassa. It products are exported to over 90 countries in the North America, Europe, South America, Asia and Africa. Various aspects of the textile processing unit were shown. Flow process sequence and technical details on machine and particulars of sewing, weaving, dying, printing, finishing and laboratory was demonstrated. A total of 116 students and 4 teaching staff members visited the industry

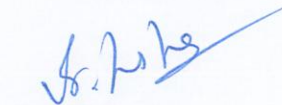

Outcome:

- This interaction gave the students an exposure to current work practices as opposed to possibly theoretical knowledge being taught at college.
- The students got a good opportunity to achieve full awareness about industrial practices and working.

Report of Educational visit to CETP (Navi Mumbai) A.Y. 2017-18

S.Y.B.Sc. (CMB) students were taken to Common effluent treatment plant (CETP),
Koparkhairane on 24th August 2017.

Thirty students visited the effluent plant and were accompanied by a teaching staff.

CETP is a sewage water treatment plant. The systematic and efficient working of this plant is
appreciated by MIDC, MPCB, & Ministry of environmental and forest

Ms. Priyanka who was the representative welcomed all students and gave a brief introduction
about aims, working, application and achievements of CETP.

All the three stages of processing i.e. Primary, secondary and tertiary treatment was explained
in details

This visit was found to be very useful for students as they could learn the practical use of what
they studied theoretically.

Report of Educational visit to TDM laboratory (Sion) A.Y. 2016-17

F.Y.B.Sc. (PCMB) students were taken to Therapeutic drug monitoring laboratory (TDM), Sion on 9th February 2017.

Seventy seven students visited the laboratory in two batches and were accompanied by a teaching staff.

TDM is an Institute for Advanced Training & Research in Interdisciplinary Sciences.

The students were first introduced to the laboratory by Mr. Mandar Mhatre who gave them a talk on clinical trials. This was followed by a laboratory visit, which included Volunteer cloak room and Clinical Pharmacological unit.

Many advanced instruments were demonstrated to them like:

- 1) LC-MS
- 2) Double distillation chamber
- 3) Multi vortex
- 4) Low volume evaporator
- 5) Solid phase extractor
- 6) Ultra centrifuge
- 7) HPLC

**Departments of B.M.S, B.A.F, B.B.I and B.M.M
Report of Industrial Visit to Alok Industry, Silvassa
Academic Year 2016-17**

Title: Industrial Visit to Alok Industry, Silvassa

Date of event: 30th and 31st August 2016

No of students: 67 Students

Objectives:

- To provide students practical perspective on the industrial world
- To provide students a good opportunity to gain full awareness about industrial practices.
- To provide students functional opportunity in different sectors which also helps to combine theoretical knowledge with industrial knowledge.

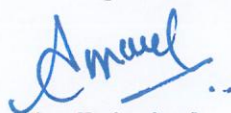

Brief Report:

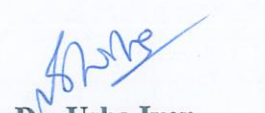

The departments of B.M.S, B.A.F, B.B.I and B.M.M. went for two-day industrial visit on 30th and 31st August, 2016 to Alok Industries, Silvasa.

Alok Industries is an Indian ISO 9001:2000 certified textile manufacturing company based in Silvasa. It products are exported to over 90 countries in the North America, Europe, South America, Asia and Africa. Various aspects of the textile processing unit were shown. Flow process sequence and technical details on machine and particulars of sewing, weaving, dying, printing, finishing and laboratory was demonstrated. A total of 67 students and 4 teaching staff members visited the industry

Outcome:

- This interaction gave the students an exposure to current work practices as opposed to possibly theoretical knowledge being taught at college.
- The students got a good opportunity to achieve full awareness about industrial practices and working.
