Subject: Request permission to host Graduate Employability Test, 2017, at your college.

Dear Sir/Madam,

The backbone of a student's career is his college education. College is the place where a student lays the foundation of his professional career. And that is why every college is known for their successful alumni and takes pride in them.

As you know, NIIT pioneered the category of IT Training in India way back in 1981. Having **trained over 35 Million people** in different domains like I.T., Banking and many more **over the last 36 years**, we expanded our expertise to other sectors as well and have been instrumental in creating a trained workforce as per the evolving industry needs. With **our keen understanding of the changing skills requirement in organizations**, we are now focusing on creating a talent pool armed with digital & futuristic skill-sets requirements in digital technologies required by the IT industry.

Today, **Digitally Transformed organizations are 26% more profitable** than other competitor industries*. All IT organizations now realize how transformative digital transformation initiatives are not just meant for their clients but for themselves as well.

Global spending on digital transformation technologies is expected to cross \$2.1 Billion by 2019.** Thus, Indian & Global IT companies are investing heavily in building digital transformation skills to enable their clients transform digitally.

However, **77% of companies considered lack of digital skills** as the key hurdle to their digital transformation.

PRINCIPAL

Commerce & Economics And
Smt. Thirumalai College of Science
Wadala, Mumbai - 400 031.

Entry-level and experienced workforce on the above technologies are **attracting 50% - 60% more salaries than run-off-the-mill IT professionals**. In times to come, the best of the IT jobs would be based around digital transformation.

NIIT takes pride in being associated with most of the colleges in the country to add value to their student's education, and to further enhance their professional career and increasing their employability.

Taking our relationship forward, we would like to introduce the Graduate Employability Test 2017 (GET 2017) to your students. GET is a test which tells the students about their employability quotient and further guides them about the skills prevalent / required in the IT and BFSI industry. The test shall help them recognize the courses they should undertake in order to be industry ready and further help them in placement.

For this, we seek your permission to conduct a seminar on the same followed by GET 2017 test and provide useful information to your students that might benefit them in shaping a bright career for themselves.

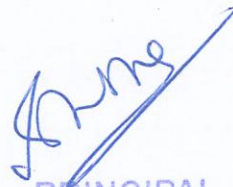

The jobs of the future are changing, so are the demands of the employers. I am sure you will be interested in finding out more about this. Attached is a brief which will give you an overview of how the Graduate Employability Test shall help your students in shaping their future.

We look forward for to a meaningful discussion during the seminar, while talking the next step and strengthening our relationship further. For any clarifications you may reach me directly on my number 9769987967,8850551081.

Your Sincerely,
Tushar Sony

Proposal for SIWS College

Dear Sir,

Thanks for sharing your precious time with us for the discussion on the Students Career Development in International Qualification.

As requested, please find attached proposal for the same.

Would request to kindly share the date for Students Interaction / Seminar on the same.

Introduction to Stratagem Financial School

Stratagem is an Indian entity headquartered at Hyderabad. Stratagem is a dominant player in the fields of financial studies, financial advisory and wealth management services. Stratagem Financial School has been established to impart quality education with international recognition in the area of Management & Finance. The programs are delivered in a modern and innovative way. The courses offered have been designed to meet the emerging trends and demands of the industry and incorporate innovative and exciting developments in the world of business globally. Stratagem's strong work ethics and professional background, leveraged and backed by IT solutions enable us to deliver quality. Commitment, professional integrity and vision helped Stratagem achieving a leadership position in the field.

Introduction to ACCA (Association of Chartered Certified Accountants)

- Founded in 1904, ACCA is the global body for professional accountants with over 480,000 students and 188,000 members in 178 countries.
- We work closely with over 7400 employers and more than 600 approved learning partners globally offering localized support through 100 offices & centres
- We host more than 80 global accountancy body partnerships including the Institute of Cost Accountants of India, in India
- ACCA is the first global accounting body to introduce IFRS (International Financial Reporting Standards) in 1996

In India, we work with over 40 universities and colleges including Ahmedabad University, Symbiosis University and College, Christ University, Bangalore University, Punjab University, Calcutta University to name a few.

We would like to present our credentials and explore any opportunity to collaborate. If possible, we would like to meet you at the earliest at your office. Please let us know the schedule which suits you.

We look forward to hear from you.

CHEMISTRY DEPARTMENT

**Report
(2017-18)**

August 5, 2017

Career Opportunities in Clinical Research

Well trained clinical research professionals are in demand. A lecture was arranged by the Chemistry Department on Saturday, 5th August, 2017 in the seminar room, CB- 307. The speaker was, **Ms. Vaibhavi Kapatkar, (M.Pharm)**, a distinguished Clinical research professional.

Objectives :

- To inspire students and to give them a glimpse of clinical research industry
- To create awareness about the career opportunities in clinical research

Head, Department of Chemistry Dr. Sunita D. Shirvalkar introduced the speaker. Ms. Vaibhavi Kapatkar, (M.Pharm), explained the students about what is clinical research, why is it essential to be carried out in a pharmaceutical industry and the job opportunities. Ms. Vaibhavi engaged the students for an hour and gave them detailed information about this profession. The session was interactive. During the Q&A session students asked many questions about 'Clinical research' as a Career option. The speaker promptly justified the queries of the students. Dr. Tanuja Parulekar proposed the vote of thanks.

Number of students: 57 students from S.Y.B.Sc. & T.Y.B.Sc. classes.
The session was attended by the Chemistry department teaching staff.

Outcome :

- Students gained information about job opportunities in Clinical Research
- They were also exposed to different career options
