STUDENTS' COUNCIL

Students' council is the apex students' body of the college that helps the students to share their ideas, interest and concerns with teachers and college administration. The council is framed as per the rules laid down by the University of Mumbai. Each class teacher elects a division representative (DR) from each division across all streams. These DRs help to choose the class representative (CR).

OBJECTIVES:

- To inculcate in students leadership qualities, initiative, proactive thinking, discipline and coordination through a fun-n-learn way.
- Help students grow as responsible, well- balanced and confident individuals.
- To help students improve their administrative skills.
- To sensitize students towards social obligations and responsibilities.

FUNCTIONING:

A plethora of events are planned and executed throughout the year. The mode of working is such that students are exposed to various administrative responsibilities. At the beginning of the academic year a calendar of proposed events is prepared for the entire year. Students are encouraged to take initiative and chalk out a systematic event wise schedule for the year. This teaches them to imagine, conceptualize and plan in a proactive manner. The actual execution of the event is a rich learning experience for students. They need to attend to the minutest details right from deciding day and time, venue, taking necessary permissions, logistics, decoration, sound and light system, seating arrangement, preparing invitations, posters for publicity etc. the students' representatives also have to devise smart ways to advertise the events and motivate students to participate in large numbers. They learn to coordinate with each other and work in harmony and discipline. Tasks like anchoring, introducing the chief guest, proposing vote of thanks etc. train them in public speaking.

Students' council is indeed a body "of the students, by the students and for the students".
