**Fine Arts Circle**  
**A report on “Diya Painting Competition”**

The “Fine Arts Circle” had organized ‘Diya Painting’ Competition on 16<sup>th</sup> September, 2017. Thirty five students participated in the competition.

**Objectives**

- To discover and explore the creative talents of students.
- To emphasize the importance of composition and design elements essential for visual arts.
- To develop additional innovation skills other than fundamental technical ones.
- To promote our heritage through the use of indigenous materials and present traditional knowledge and talent.

All participants were given plain mud baked ‘Diyas’ and were asked to design and paint them and transform the plain lamps into a work of art.

Participants used different colouring and embellishing material in painting and decorating the ‘Diyas’. The finished painted lamps were all displayed at the end of the competition.

They were all excellently painted using beautiful bright colours and glitter, and the various design schemes showed the creativity, talent and innovation employed by the students in this painting competition.

It was a feast for the eyes. One lamp had been transformed into a peacock and another lamp had on its edge a tiny idol of Lord Ganesha and his mount a mouse.

Yet another showed Chinese ceramic design elements.

Truly the humble mud raw ‘Diya’ was transformed into a work of art by all participants.

**Outcome-**

- Enhancement of imaginative skills.
- Enhancement of focus.
- Working towards innovation by formulating new designs and pattern.
- Learn time management.

Prof. Sabina Thareja and Prof. Sunita Shirvalkar selected winners.
