He further opined that there exist certain challenges in implementing the NEP, but proper direction will lead to inclusive growth and education to all.

About the Faculty Development Program

Act of promoting and selling products and services by leveraging online marketing tactics such as social media marketing, search marketing, and email marketing is now the current scenerio. The development of digital marketing, during the 1990s and 2000s, has changed the way brands and businesses use technology for marketing. As digital platforms became increasingly incorporated into marketing plans and everyday life, and as people increasingly use digital devices instead of visiting physical shops, digital marketing campaigns have become prevalent.

The program aims at equipping faculty members in the arena of Digital Marketing.

1. To introduce the teachers about newly modified syllabus at Semester III and Semester IV levels (S.Y.B.Com. & S.Y.B.Sc.)
2. To discuss the various methodologies to be adopted for carrying out group projects from students
3. To know about the newly framed question paper pattern

Training the teachers is always a challenging task and was very well handled by the resource persons. The first resource person for the workshop was Dr. Mahesh Bhagwat. He is an associate professor and Head, Department of Politics at Mithibai College, Ph.D. Guide in Politics and Public Administration. He has a long teaching experience of 25 years. He has authored several books on Politics, Public Administration and Human Rights including text book of Foundation Course at First year and Second year level.

Dr. Bhagwat discussed in detail about the topics to be covered in the syllabus with special attention to the newly added topics. For the ease of participants coming from rural areas and teaching in regional languages, he explained the topics in Marathi and Hindi. Since the topics in the syllabus range from humanities to science, environment to communication skills and competitive examinations to technological advancements in modern era, he believed that the syllabus will lead to an all-around development of students. He further tried to clarify the doubts the participants had. He spontaneously answered the questions raised by participants in accordance with the syllabus and guidelines issued by University of Mumbai.

She has been teaching Foundation Course since the commencement of career, she had a huge experience about the syllabus topics enlisted. The same was evident through the confident speech she delivered. The brief and precise presentation helped teachers in better understanding of question paper pattern.

She gave more emphasis on the methodology to be followed for getting the projects done from students. She provided some of the illustrative topics for carrying out projects that seemed to be very useful for participants, especially from rural areas. She shared some of the tricks that can be applied for extracting out better quality project work from students. Her one hour talk was very useful, especially to the new generation teachers.

The workshop finally concluded with a formal vote of thanks. The one day workshop was a great success with participants coming from colleges in Ratnagiri, Dapoli, Mandangad, Kinhavali, Murud – Janjira, Dahanu, Palghar, Kalyan, Thane and Mumbai. The participants appreciated the speakers and the smooth and well co-ordinated organization of the workshop. The same was perceived through the feedback participants gave about the workshop. All the participants were given certificates signed by Dr. Agnelo Menezes (Chairman, Board of Studies in Foundation Course, University of Mumbai).
