MARATHI VANGMAY MANDAL

Date: 1st March, 2019

Report on "Jagatik Marathi Rajbhasha Din"

• **Objective:**

Marathi Vangmay Mandal celebrates **Jagatik Marathi Rajbhasha Din** on 27th February every year to commemorate the birth anniversary of great writer and patron of Marathi Literature, Shri Vishnu Vaman Shirwadkar, known to common people as '**Kusumagraj**'. The primary objective of the Mandal is to provide a platform to the students in order to encourage and to showcase their skills in the field art and literature.

• **Activity:**

Poetry reading of the great poet Kusumagraj was organized on 27th February 2019, on the occasion of **Jagatik Marathi Rajbhasha Din**, the profound connotation of his poetry was abridged and elaborated to the audience.

• **Outcome:**

The students retorted with joy and were delighted to listen to the lucid poetry and the richness of the language. They were expected to take more interest in reading poems not only of Kusumagraj but also of other noted poets. The principal attended the celebrations and congratulated the students and the mandal members for organizing such a refreshing programme.

4. POSTER MAKING COMPETITION

DATE: 7/10/2021

NUMBER OF PARTICIPANTS: 10

➤ **OBJECTIVES:**

- Make Young Students aware of Gandhiji's Principles & His Contribution to India's Freedom.

BRIEF REPORT

Theme - Youth Empowerment

Time: 4.00 p. m to 5.30 p.m.

An online Poster Making Competition was held by Cultural Association along with Students' Council and National Service Scheme on Google Meet Platform. The Theme was Youth Empowerment. 19 participants registered for this event . Total 10 participants participated in the event ,including a few from other colleges as well. Students were asked to express their ideas on the above-mentioned theme through paintings and sketches. The young learners displayed their artistic skills through an array of beautiful posters. It was a great opportunity to watch these young minds creating and displaying their ideas on paper. The students thoroughly enjoyed the activities.

SRINIVASA RAMANUJAN

...that never seem anything in the least like them before. A single look at them is enough to show that they could only be written by a mathematician of the highest class. They must be true because if they were not true, no one would have the imagination to invent them.

...it is difficult for me to say what a love for Ramanujan his originality has been a constant source of suggestion to me ever since I knew him and his death is one of the worst blows I have ever had.

G. H. HARDY, 1875 - 1947

The Ramanujan theta function

...each of the 24 numbers in the Ramanujan function corresponds to a physical solution of a string. Whereas the string resonances.

MICHO KAKE, BORN 1947
Historical Physicist

...That was the wonderful thing about Ramanujan. He discovered so much more in his garden in what people he discovered.

Born: 22 Dec 1887 in Erode, Tamil Nadu state, India
Died: 26 April 1920 in Madras, Tamil Nadu state, India

Ramanujan was one of India's greatest mathematical geniuses.

Number Theory and String Theory
In 1988 Ramanujan became the first Indian mathematician to be elected a fellow of the British Royal Society.

"Recognized as a pure mathematician particularly for his investigations in elliptic functions and the theory of numbers."

In his short lifetime he produced almost 4000 papers, identities, conjectures.

...had more than to him.
Suppose that we take mathematical constants on the basis of pure values on a scale from 0 to 100. Hardy gave himself a score of 25, Littlewood 35, Hilbert 60 and Ramanujan 100.

PAUL ERDŐS, 1913 - 1996
Mathematician

"I was struck by the extraordinary mathematical results contained in it. I had no mind to smother his genius by an appointment in the lowest ranks of the revenue department."

V. RAMASWAMY AYER, 1871 - 1936
Mathematician

...It was his insight into algebraical formulae, transformations of infinite series, and so forth that was most amazing. On this side most certainly I have never met his equal, and I can compare him only with Euler or Weierstrass.
