Fine Arts Circle

A report on 'Best out of Waste' Competition

The Fine Arts Circle had organized 'Best out of Waste Competition' on 30.11.19 in the library.

Objectives

- To develop the ability to think and organize thinking [thoughts, ideas] and to create something useful from waste material.
- To explore environmental concepts and actions beyond class room learning by following the principle of 3 R's. Reduce, Reuse, Recycle
- To nurture the values of environmental protection and conservation among students through creative craft activities.

Outcome

- Students learn how scrap material can be transformed into useful and aesthetic looking articles using ideas and imagination
- This activity enhances presentation skill.
- Help them realize the importance of 3 R's in preserving our environment.

There were twenty five participants from various streams. Students had brought many waste material viz. old news-papers, lids of toothpaste, egg shells, used hangers, old plastic bottles, used jeans, bottles' lids, etc.

What looked ragged, and filthy, was transformed into beautiful products. Some became attractive decorative pieces like flower pots, a very cute deer made from wood pieces while others became day to day utility articles like holder etc.

Dr. Sunita Shirvalkar and Prof. Deepali Nijapkar selected the winners.

First Prize was shared by Shweta Mungekar of T.Y.B.BSc. (Microbiology) and Thanusha V. of S.Y.BBI.

A REPORT ON
Online Intercollegiate Competitions
(CREATE FROM HOME)

'Best out of Waste' Competition was organized during lockdown from 27.05.20- 31.05.20.

Objectives

- To develop the ability to think and organize thinking [thoughts, ideas] and to create something useful from waste material.
- To explore environmental concepts and actions beyond class room learning by following the principle of 3 R's. Reduce, Reuse, Recycle
- To nurture the values of environmental protection and conservation among students through creative craft activities.

There forty three participants participated from various colleges. Students used many waste material viz. old news-papers, lids of toothpaste, egg shells, old plastic bottles, used jeans, bottles' lids, etc.

What looked ragged, and filthy, was transformed into beautiful products. Some became attractive decorative pieces like dancing doll, green Ganapati while others became day to day utility articles like pen holder etc.

Following were the winners in 'Best out of Waste' competition-

First Prize- Ms. Drashti Shah of Mithibai College

Second Prize- Ms. Aishwarya Lahuraj Kanse of VES College of Arts, Science and Commerce

Third Prize- Ms. Priti Prakash Choudhary of SIWS College

DATE: 21/7/2017 ; 11a.m -12.30p.m
1.30hrs

NUMBER OF PARTICIPANTS: 24

OBJECTIVES:

- Encourage our students to develop creativity by innovation.
- Develop aesthetic appreciation.
- Organize themselves to create something useful.

BRIEF NOTE :

Recycling the waste material develops in fantastic and usable products. Various creative ideas can be brought together to make something innovative. NSS unit organised Best out of waste competition was held on 21st July 2017 ; 11am-12.30 pm in which 24 students participated (8Boys & 16 Girls). Prof Smita and Prof Apurva judged this event.

Winners :

1. Emmadi Swati.
2. Ranjana
3. Prakash
4. Prachi Surve

OUTCOME :

Volunteers realised the the importance of recycling the waste.
Volunteers were seen to have ability to create and present in the form of an object.

time = 11:00 to 12:30
21/07/17

LECTURE ON BIOCOMPOST

➤ VERMI COMPOSTING LECTURE	
DATE: 28/7/2018 10.30a.m- 11.30 -1hr	NUMBER OF PARTICIPANTS: 69
➤ OBJECTIVES: ➤ Awareness of the importance of good quality of organic manure for the soil.	
Brief Note: On 28th July 2018 NSS unit of our College organized Vermi Composting lecture at 10:30 am by Mr. Ajay Rajput. He conveyed to our students that Vermicompost stimulates to influence the microbial activity of soil, increases the availability of oxygen, maintains normal soil temperature, increases soil porosity and infiltration of water, improves nutrient content and increases growth, yield and quality of the plant.	
Total-69(Male-45 & Female-24) students attended this lecture.	
OUTCOME: Students get the knowledge regarding importance of Vermicompost.

VERMICOMPOST LECTURE	
DATE: 3/8/2016; 11a.m-1p.m =2hrs	NUMBER OF PARTICIPANTS: 61
OBJECTIVES: Explain the concept of Permaculture to the students.	
BRIEF REPORT: <ul style="list-style-type: none">➤ A guest lecture on Vermicompost was organised for the students. Mr Ajay Rajput from Green Global was the speaker. He informed about various aspects of vermiculture, vermicomposting,➤ He also stressed upon the bioconversion of vegetable and garden waste into usable fertilizer with the help of earthworms which can act as a harmless substitute for chemical fertilizers. He emphasized that nature has given us the earthworms who act as ecological engineers and converts waste into vermicompost known as “the black gold”.➤ Vermicompost enhances plant growth, suppresses disease in plants.	
OUTCOME: Volunteers could understand vermiculture concept easily. Volunteers understood that vermicompost benefits the environment.
