Annual Report 2017-18

COUNSELING CELL 31-03-2018

In the first semester a unique activity was attempted by the Counseling Cell. Each teacher was allotted an hour per week in the Counseling room to attend to needy students. There was almost no response from the students probably because they were not accustomed to approaching any one for solutions to their problems.

In the second semester a Mentor- Mentee list was drawn out where each teacher had to mentor a specific number of students. The program ensured that each student was mentored by a teacher. This program was more satisfactory for the students who were called by the teacher for counseling.
